ST LUKES CHURCH NEWSLETTER

*Hi All,  
What a busy term it has been settling back into a routine which almost looks like something we have been used to 'pre-covid'. I wanted to send out a newsletter to keep you updated with groups re-opening.*

We are really excited to announce that many of our groups are slowly starting to open up with the appropriate measures in place to ensure we are staying safe. Our Baby Group for carers and babies under 2 years is now running on a Friday Morning- pre-booking required. The next thing to open up will be our Sunday morning groups, these happen while the 9.30 informal service is happening and will be for Ages 2-11.

We will also be starting a brand new Youth Group in the Youth centre on the 25th June. It will run from 5.30-7 and is for children of junior school age (year 3-6). All going well, we expect to launch a further one in September for Secondary school age.

Please do have a look on the at the attached sheet for further dates coming up and do not hesitate to contact us for more information. Many of these activities may need pre-booking so please do look on our website or Facebook page for up to date information.
